

EAS News

By Gary Timm, Journal Broadcast Group, Wisconsin EAS Chair

The Wisconsin State EAS Plan was updated in September, 2007. All stations should download the revised Main Plan, Appendix B, Appendix C, and Appendix F. The primary update was a change NWS made to the Lake Michigan EAS Codes. The revisions are summarized on Page 2 of the Main Plan. The Wisconsin EAS website is located at: www.sbe24.org/eas/ Next Generation EAS.

As most of you are aware, there are new EAS rules going into effect; EAS is moving to Common Alerting Protocol (CAP) format. To keep everyone up to date on where Wisconsin is at with the transition to CAP, a new page called "Next Generation EAS Planning for Wisconsin" is now located on the Wisconsin EAS website. The direct page link is: www.sbe24.org/eas/neweas.asp Check out this page for links to an interpretation of the new rules, and more details on CAP. Updates on how things are progressing in Wisconsin will be posted as they occur.
